

## **ELECTION INFORMATION**

The Real County Commissioner's Court approved the purchase of a new voting system for Real County from Election Systems & Software (ES&S). The new voting system includes **ExpressVote** ballot marking devices and **DS200** digital scan precinct tabulators to be available at every Real County polling location.

With the new voting system, voters will receive a blank ballot at check-in to insert into the **ExpressVote** ballot marking device and make their selections. After reviewing their selections on the screen, voters will print the ballot. Once voters have reviewed the selections printed on the ballot, they will insert the ballot into the DS200 digital scanner for tabulation. This hybrid system allows for the convenience and accuracy of electronic voting, as well as the security of an auditable paper ballot that can be used for manual recounts.

The **ExpressVote** uses touch-screen technology that produces a paper-based ballot for tabulation. As a marking device, the **ExpressVote** handles the entire marking process, eliminating marginal marks and the need for interpretation of the voter's mark. Voters will receive an activation card (ballot) with their ballot style printed on the card to begin the process. Voters will insert card into the marking device, make their selections, verify the selections made, and print the ballot. Voters then review the selections printed on the ballot for accuracy before taking the ballot over the DS200 for tabulation.

The **DS200** is a polling location-based scanner and vote tabulator that combines the flexibility and efficiency of digital-imaging technology to support paper-based voting -- taking traditional optical-scan ballot vote tabulation into the twenty-first century.

The **ExpressPoll** reduces check-in and verification waiting time for voters, increases the accuracy of ballots issued and improves the Election Day experience for all. The **ExpressPoll** application runs on a tablet which gives poll workers an intuitive, easy-to-understand user interface that is similar to the digital devices they use every day. The new voting system will be put into use for the first time in October 2022 during Early Voting for the November 8, 2022, General Election.

# Voting In Person

## Early Voting In Person:

Many Texans vote early. Texas enables residents to vote in the days and weeks before an election to make the voting process more convenient and accessible. There are two ways to vote early: by showing up in person during the prescribed early voting period or by voting by mail.

Generally, early voting in person begins the 17th day before Election Day (if that's a weekend, early voting starts on Monday) and ends the 4th day before election day. (EXCEPTION: Early Voting for elections held on the May uniform election date starts the 12th day before Election Day and ends on the 4th day before Election Day.) Vote at a location in your political subdivision that's close to where you live or work. All other voting rules and procedures apply - e.g., eligibility and polling hours.

Lines at early voting are usually shorter and the days and hours are more convenient. Early voting is open to all registered voters, no excuses necessary!

## Election Day Voting In Person:

Texas law permits anyone to vote who is registered and eligible within the political jurisdiction holding an election. The Elections Department establishes and staffs polling locations for countywide elections and any political jurisdiction that contracts with the Elections Department. Locations depend on availability and the jurisdictions holding the election. Election Day Polling Locations are open from 7:00 am to 7:00 pm.

## **\*\*\*CURBSIDE VOTING\*\*\***

## **Military & Overseas Voters**

First and foremost, we would like to thank you, the military voters, for your service to our country. To all U.S. citizens overseas, thank you for your interest in your country's elections while far away. (Federal voting law defines "overseas" as anywhere outside the United States. This includes Canada and Mexico.) Military and overseas voters are welcome to use the regular registration and early voting by mail process (also known as absentee voting) available to all voters away from their home county on Election Day. However, there are also special provisions for you.

## **Military and Overseas Voter Empowerment (MOVE) Act**

In accordance with the Military and Overseas Voter Empowerment (MOVE) Act, the State of Texas has adopted new administrative rules that make it easier for military and overseas voters to access the absentee voting process. Included are provisions which allow military service members temporarily residing outside their county of residence, as well as United States citizens residing overseas, to request blank balloting materials to be sent to them by email as well as the establishment of a ballot tracking system allowing military and overseas voters to determine the status of their ballot.

When a voter submits their Federal Post Card Application (FPCA), they may specify that a blank ballot be sent to them via email. Voted ballots must still be returned through regular mail, unless they are sent from a designated war zone and are eligible to be returned by fax. For more information, voters may visit the [Federal Voting Assistance Program \(FVAP\) website](#) or call FVAP at 1-800-438-VOTE (8683).

## **Services Available to Voters with Disabilities in Texas**

- People with disabilities have the right to register to vote so long as they are eligible, which means they:
  - Are citizens of the United States;
  - Are at least 17 years and 10 months old at time of registration (but to vote, they must be 18 years of age by Election Day);
  - Have not been finally convicted of a felony, or if they have been convicted, have completed all of their punishment, including any term of incarceration, parole, supervision, probation, or have received a pardon; Note: Deferred adjudication is not a final felony conviction.
  - Have not been determined by a final judgment of a court exercising probate jurisdiction to be totally mentally incapacitated or partially mentally incapacitated without the right to vote.
  - Individuals who have legal guardians may be eligible to register, depending on whether the court took away their right to vote. All guardianship orders issued after September 1, 2007 must state whether the individual can vote.
- People with disabilities can receive assistance registering to vote from any state agency that provides services to persons with disabilities or from any person they choose.

### **Accessible Voting Systems**

- On September 1, 1999, Texas became the first state to require that all new voting systems be accessible to voters with disabilities and provide a practical and effective means for voters with disabilities to cast a secret ballot.
- In every federal election (and most nonfederal elections), each polling place will offer at least one type of accessible voting equipment. This equipment allows voters with disabilities to vote directly on the system or assist them in marking the paper ballot. Depending on the type of system, voters with disabilities may use headphones or other assistive devices to help them vote independently and secretly.
- In certain nonfederal elections held in counties with a population of less than 20,000, accessible machines may not be available at every polling place. To determine if accessible machines will be available or to request an accommodation, contact the early voting clerk of the county or political subdivision holding the election at least 21 days before the election.

## **All Polling Places in Texas Must be Accessible**

Polling places should support voters, not hinder them. When you go to the polls in Texas, you can expect:

- Your polling place will meet strict accessibility standards, including:
- A location on the ground floor that can be entered from the street or via an elevator with doors that open at least 36 inches
- Doors, entrances, and exits used to enter or leave the polling place that are at least 32 inches wide
- Any curb next to the main entrance to the polling place must have curb-cuts or temporary non-slip ramps
- Stairs necessary to enter or leave the polling place must have handrails on each side and a non-slip ramp
- Removal of all barriers such as gravel, automatically closing gates, closed doors without lever-type handles, or any other barrier that impedes the path of a person with physical disabilities to the voting station
- Voting systems that are accessible to voters with physical disabilities and can accommodate no vision, low vision, no hearing, low hearing, limited manual dexterity, limited reach, limited strength, no mobility, low mobility, or any combination of the foregoing (except the combination of no hearing and no vision)
- Each polling place will offer at least one type of accessible voting equipment. This equipment allows voters with disabilities to vote directly on the system or assist them in marking the paper ballot. Depending on the type of system, voters with disabilities may use headphones or other assistive devices to help them vote independently and secretly.

## **Voters May Receive Assistance at the Polls**

If you need assistance at the polls, tell the election official if you are a voter who needs help to vote. You do not have to provide proof of your disability. Voters are entitled to receive assistance if they:

- Cannot read or write; or
- Have a physical disability that prevents them from reading or marking the ballot; or
- Cannot speak English, or communicate only with sign language, and want assistance in communicating with election officials.

Voters may be assisted by:

- Any person the voter chooses who is not an election worker.
- Two election workers on Election Day; or
- One election worker during early voting.

Voters MAY NOT be assisted by:

- Their employer.
- An agent of their employer; or
- An officer or agent of their union.

The person assisting the voter must read him or her the entire ballot, unless the voter asks to have only parts of the ballot read. The person assisting the voter must take an oath that he or she will not try to influence the voter's vote and will mark the ballot as the voter directs. If the voter chooses to be assisted by polling place officials, poll watchers and election inspectors may observe the voting process, but if the voter asks to be assisted by a person the voter chooses no one else may watch him or her vote.

It is illegal for a person assisting the voter to:

- Try to influence the voter's vote.
- Mark the voter's ballot in a way other than the way they have asked; or
- Tell anyone how the voter voted.

## **Voters May Use Interpreters at the Polls**

Voters who cannot speak English, or who communicate only with sign language, may use an interpreter to help them communicate with election officials, regardless of whether the election official(s) attending to the voter can speak the same language as the voter. The voter may select any person other than the voter's employer, an agent of the voter's employer, or an officer or agent of a labor union to which the voter belongs. If the voter cannot read the languages on the ballot, the interpreter may also act as an assistant for the voter, but they must follow the procedures for an assistant. (See assistance section above for more details.) If the voter is deaf and does not have a sign language interpreter who can accompany them to help communicate with the poll worker or read the ballot, the voter should contact his or her local election officials before the election and request assistance.

## Curbside Voting

If a voter is physically unable to enter the polling place, he or she may ask that an election officer bring a ballot to the entrance of the polling place or to a car parked at the curbside. After the voter marks the ballot, they will give it to the election officer, who will put it in the ballot box. Or, at the voter's request, a companion may hand the voter a ballot and deposit it for him or her.

**TIP FOR VOTERS WITH DISABILITIES:** If you plan to go alone to vote curbside, it is wise to call ahead so election officials will expect you. Generally speaking, you may vote curbside during the early voting period (the 17th day before Election Day until the 4th day before Election Day for most elections) or on Election Day. For a May uniform election date or resulting runoff election or some special elections, the early voting period is the 12th day before Election Day until the 4th day before Election Day.

## Voters May Vote Early, Either in Person or by Mail

Voters who vote during the early voting period may vote at any early voting site in the political subdivision that is holding the election. Alternatively, if a voter will be 65 years of age or older on Election Day, has a disability, or will be outside the county during early voting hours and on Election Day, the voter can apply to vote by mail. Simply submit a completed and signed Application for a Ballot by Mail any time from the 60th to the 11th day before Election Day to the proper county early voting clerk. An Application for a Ballot by Mail may also be submitted in person by the voter to the early voting clerk's office if the application is submitted not later than the close of regular business in the clerk's office by the 11th day before Election Day. For further information on voting early in person or by mail, including information on assistance in requesting, marking, or mailing a ballot by mail, please read our pamphlet titled "[Early Voting in Texas.](#)" [Get your application here.](#)

# VOTER ID REQUIREMENTS FOR TEXAS VOTING

Senate Bill 5, passed by the 85th Legislature, Regular Session, requires voters who possess an acceptable form of photo identification for voting listed below to present that identification in order to vote in person in all Texas elections. For voters aged 18-69, the acceptable form of photo identification may be expired no more than four years before being presented for voter qualification at the polling place. For voters aged 70 or older, the acceptable form of photo identification may be expired for any length of time if the identification is otherwise valid. Voters who do not possess an acceptable form of photo identification and cannot reasonably obtain one of the forms of acceptable photo identification listed below may present a supporting form of identification and execute a Reasonable Impediment Declaration, noting the voter's reasonable impediment to obtaining an acceptable form of photo identification, stating that the information contained in the declaration is true, that the voter is the same individual personally appearing at the polling place to sign the declaration, and that the voter faces a reasonable impediment to procuring an acceptable form of photo identification.

**This requirement is effective immediately.**

**Here is a list of the acceptable forms of photo ID :**

- Texas Driver License issued by the Texas Department of Public Safety (DPS)
- Texas Election Identification Certificate issued by DPS
- Texas Personal Identification Card issued by DPS
- Texas Handgun License issued by DPS
- United States Military Identification Card containing the person's photograph
- United States Citizenship Certificate containing the person's photograph
- United States passport (*BOOK or CARD*)

With the exception of the U.S. Citizenship Certificate, which does not expire, for voters aged 18-69, the acceptable form of photo identification may be expired no more than four (4) years before being presented for voter qualification at the polling place. For voters aged 70 or older, the acceptable form of photo identification may be expired for any length of time if the identification is otherwise valid.

**Here is a list of the supporting forms of ID that can be presented if the voter does not possess one of the forms of acceptable photo ID and cannot reasonably obtain one:**

- Copy of or original government document that shows the voter's name and an address, including the voter's voter registration certificate.
- Copy of or original current utility bill.
- Copy of or original bank statement.
- Copy of or original government check.
- Copy of or original paycheck; or
- Copy of or original of (a) a certified domestic (from a U.S. state or territory) birth certificate or (b) a document confirming birth admissible in a court of law which establishes the voter's identity (which may include a foreign birth document).

After presenting a supporting form of ID, the voter must execute a Reasonable Impediment Declaration form.

For more information about obtaining an Election Identification Certificate, please visit the [Texas Department of Public Safety website](#).

***Important Notes for Voters:***

- 1) Election officials and poll workers MAY NOT question you about voter ID issues!***
- 2) Election officials and poll workers MAY NOT require your address on your ID to match the official list of registered voters. (THESE ADDRESS DO NOT HAVE TO BE THE SAME!)***

## **Procedures for Voting**

When a voter arrives at a polling location, the voter will be asked to present one of the seven (7) acceptable forms of photo ID that is current or, for voters aged 18-69, expired no more than four years. Voters aged 70 or older may present one of the seven (7) acceptable forms of photo ID that is expired for any length of time that is otherwise valid. If a voter does not possess one of the seven (7) acceptable forms of photo ID and cannot reasonably obtain one, the voter may present a supporting form of ID and execute a Reasonable Impediment Declaration, noting the voter's reasonable impediment to obtaining an acceptable form of photo identification, stating that the information contained in the declaration is true, that the voter is the same individual personally appearing at the polling place to sign the declaration, and that the voter faces a reasonable impediment to procuring an acceptable form of photo identification.

Election officials are still required by State law to determine whether the voter's name on the identification provided (acceptable photo ID, or supporting form of ID, if applicable) matches the name on the official list of registered voters ("OLRV"). After a voter presents their ID, whether it's an acceptable form of photo ID or a supporting form of ID (if applicable), the election worker will compare it to the OLRV. If the name on the ID matches the name on the list of registered voters, the voter will follow the regular procedures for voting.

If the name does not match exactly but is "substantially similar" to the name on the OLRV, the voter will be permitted to vote as long as the voter signs an affidavit stating that the voter is the same person on the list of registered voters.

If a voter possesses an acceptable form of photo ID but does not have it at the polling place, the voter will still be permitted to vote provisionally. The voter will have six (6) days to present an acceptable form of photo identification to the county voter registrar, or fill out the natural disaster affidavit referenced in the Exemption/Exceptions section below, or the voter's ballot will be rejected.

Alternatively, a voter who possesses an acceptable form of photo ID but does not have it at the polling place may choose to leave the polling place and return before the close of the polls on election day with said acceptable form of photo ID to, if the voter would otherwise qualify, vote a regular ballot at that time.

### ***Important Notes for Voters:***

- 1) Election officials and poll workers MAY NOT question you about voter ID issues!***
- 2) Election officials and poll workers MAY NOT require your address on your ID to match the official list of registered voters. (THESE ADDRESS DO NOT HAVE TO BE THE SAME!)***

## **Exemptions to Photo ID (Disability/Religious)**

Voters with a disability may apply with the county voter registrar for a **permanent exemption** to presenting an acceptable photo identification or following the Reasonable Impediment Declaration procedure in the county. The application must contain written documentation from either the U.S. Social Security Administration evidencing the applicant's disability, or from the U.S. Department of Veterans Affairs evidencing a disability rating of at least 50 percent. The applicant must also state that he/she does not have a form of identification prescribed by Section 63.0101 of the Texas Election Code. Those who obtain a disability exemption will be allowed to vote upon display of their voter registration certificate reflecting the exemption and will not need to execute a Reasonable Impediment Declaration. Please contact your county voter registrar for more details.

Voters who have a consistent religious objection to being photographed **or** who do not present an acceptable form of photo identification listed above or follow the Reasonable Impediment Declaration procedure because of certain natural disasters as declared by the President of the United States or the Texas Governor, may vote a provisional ballot, appear at the voter registrar's office within six (6) calendar days after election day, and sign an affidavit swearing to the religious objection or natural disaster, in order for the voter's ballot to be counted. Please contact your county voter registrar for more details.

## **▣ 2. My acceptable photo ID is expired. Will it still work?**

With the exception of the U.S. Citizenship Certificate, which does not expire, for voters aged 18-69, the acceptable photo identification must be current or have expired no more than 4 years before being presented for voter qualification at the polling place. For voters aged 70 or older, the acceptable form of photo identification may be expired for any length of time if the identification is otherwise valid.

## **▣ 3. What if a voter does not have any of the acceptable forms of photo ID?**

If a voter does not possess an acceptable form of photo ID and the voter cannot reasonably obtain such ID, the voter may still cast a regular ballot by presenting a supporting form of ID and executing a Reasonable Impediment Declaration, noting the voter's reasonable impediment to obtaining an acceptable form of photo identification, stating that the information contained in the declaration is true, that the voter is the same individual personally appearing at the polling place to sign the declaration, and that the voter faces a reasonable impediment to procuring an acceptable form of photo identification.

Here is a list of supporting forms of ID:

- copy or original of a government document that shows the voter's name and an address, including the voter's voter registration certificate;
- copy of or original current utility bill;
- copy of or original bank statement;
- copy of or original government check;
- copy of or original paycheck; or
- copy of or original of (a) a certified domestic (from a U.S. state or territory) birth certificate or (b) a document confirming birth admissible in a court of

law which establishes the voter's identity (which may include a foreign birth document).

Voters with a disability may apply with the county voter registrar for a **permanent exemption** to presenting an acceptable photo identification or following the Reasonable Impediment Declaration procedure in the county. The application must contain written documentation from either the U.S. Social Security Administration evidencing the applicant's disability, or from the U.S. Department of Veterans Affairs evidencing a disability rating of at least 50 percent. The applicant must also state that he/she does not have a form of identification prescribed by Section 63.0101 of the Texas Election Code. Those who obtain a disability exemption will be allowed to vote upon display of their voter registration certificate reflecting the exemption, and will not need to execute a Reasonable Impediment Declaration.

If a voter states that they (a) do not possess an acceptable form of photo identification listed above, and the voter can reasonably obtain one of these acceptable forms of identification or (b) possesses, but did not bring to the polling place, one of the seven forms of acceptable photo identification listed above, the voter may cast a provisional ballot at the polls. However, in order to have the provisional ballot counted, the voter will be required to visit the voter registrar's office within six calendar days of the date of the election to either present one of the above forms of photo ID OR, if applicable, submit one of the temporary affidavits addressed in these FAQs (e.g., religious objection or natural disaster), or, if applicable, qualify for the disability exemption addressed in these FAQs, in the presence of the county voter registrar. Alternatively, the voter may choose to leave the polling place and return before the close of the polls on election day with an acceptable form of photo ID to, if they otherwise qualify, vote a regular ballot at that time.

Voters who have a consistent religious objection to being photographed or who do not present an acceptable form of photo identification listed above or follow the Reasonable Impediment Declaration procedure because of certain natural disasters as declared by the President of the United States or the Texas Governor, may vote a provisional ballot, appear at the voter registrar's office within six (6) calendar days after election day, and sign an affidavit swearing to the religious objection or natural disaster, in order for the voter's ballot to be counted. Please contact your county voter registrar for more details.

#### **4. What is a reasonable impediment?**

Reasonable impediments identified on the Reasonable Impediment Declaration include lack of transportation, disability or illness, lack of birth certificate or other documents needed to obtain acceptable photo ID, work schedule, family

responsibilities, lost or stolen ID, or acceptable form of photo ID applied for but not received. **You must qualify for one of these reasonable impediments in order to execute a Reasonable Impediment Declaration.** A person is subject to prosecution for perjury under Chapter 37, Penal Code, or Section 63.0013 of the Texas Election Code for providing a false statement or false information on a Reasonable Impediment Declaration.

### **5. What if a voter does not have any form of ID with them at the polling place and they do not have a disability exemption when they visit the polling place?**

- If a voter does not possess an acceptable form of photo ID, cannot reasonably obtain one, and does not have or does not bring a supporting form of ID to present in connection with a Reasonable Impediment Declaration, or if the voter does not possess an acceptable form of photo ID and can reasonably obtain an acceptable form of photo ID, or if the voter possesses, but did not bring with them, an acceptable form of photo ID, the voter may cast a provisional ballot at the polls. However, in order to have the provisional ballot counted the voter will be required to visit the county voter registrar's office within six calendar days of the date of the election to either present an acceptable form of photo ID OR, if the voter does not possess and cannot reasonably obtain an acceptable form of photo ID, follow the Reasonable Impediment Declaration procedure, or, if applicable, submit one of the temporary affidavits addressed in these FAQs (religious objection or natural disaster) in the presence of the county voter registrar, or, if applicable, qualify for the disability exemption addressed in these FAQs with the county voter registrar.
- Alternatively, a voter who possesses an acceptable form of photo ID but does not have it at the polling place, or a voter who does not possess an acceptable form of photo ID, and is reasonably able to obtain one, may choose to leave the polling place and return before the close of the polls on election day with an acceptable form of photo ID to vote a regular ballot at that time. In addition, a voter who does not possess, would otherwise not be able to reasonably obtain an acceptable form of photo ID, but did not bring a supporting form of ID to the polling place, may choose to leave the polling place and return before the close of the polls on election day with said supporting form of ID to fill out the Reasonable Impediment Declaration and, if they otherwise qualify, vote a regular ballot at that time.

☑ **6. What if my acceptable form of photo ID was lost, stolen, suspended, revoked or is expired more than four years?**

- A voter whose photo identification has been lost, stolen, suspended, revoked or, for voters aged 18-69, expired more than four years does not possess one of the acceptable forms of photo ID, and, if the voter cannot reasonably obtain a replacement of the identification that was lost, stolen, suspended, revoked or expired or another form of acceptable photo ID, the voter is eligible to present a supporting form of ID, execute a Reasonable Impediment Declaration, and, assuming they otherwise qualify, vote a regular ballot.

☐ **7. My name on my approved photo ID or my supporting ID (if applicable) does not exactly match my name on my voter registration card. Can I still vote?**

- Election officials will review the ID and if a name is “substantially similar” to the name on their list of registered voters, you will still be able to vote, but you will also have to submit an affidavit stating that you are the same person on the list of registered voters.

☐ **8. What does “substantially similar” mean?**

1. A voter’s name is considered substantially similar if one or more of the following circumstances applies:
2. The name on the ID is slightly different from one or more of the name fields on the official list of registered voters.
3. The name on the voter’s ID or on list of registered voters is a customary variation of the voter’s formal name. For example, Bill for William, or Beto for Alberto.
4. The voter’s name contains an initial, middle name, or former name that is either not on the official list of registered voters or on the voter’s ID.
5. A first name, middle name, former name or initial of the voter’s name occupies a different field on the presented ID document than it does on the list of registered voters.
6. In considering whether a name is substantially similar, election officials will also look at whether information on the presented ID matches elements of

the voter's information on the official list of registered voters such as the voter's residence address or date of birth.

**9. Is there any change in the process for voting by mail?**

- There is no change in the process for voting by mail for most voters. Specifically, there is no change in procedure for voters who are voting by mail after their first time voting by mail, and for first time voters who would otherwise not be required to present identification under the federal Help America Vote Act in order to vote by mail.

**10. Does the address on my ID (acceptable photo ID, or supporting ID if I qualify) have to match my address on the official list of registered voters at the time of voting in order for it to be acceptable as ID?**

- No. There is no address matching requirement.

**11. Is the DPS Election Identification Certificate still going to be available?**

- Yes. The Election Identification Certificate is now available, and will be still be a form of acceptable photo ID. Information regarding how to obtain an election identification certificate can be found at [www.dps.texas.gov](http://www.dps.texas.gov). You may also contact DPS by telephone at (512) 424-2600 for more information.
