Residents of Real County,

If you are not a regular hotel operator in Real County and still plan to rent out your property or a portion of your property located in Real County for the Solar Eclipse, you are still subject to paying the 4% County Hotel Occupancy Tax. This goes for the nightly rental of all permanent fixtures on your property including, but not limited to a house, cabin, barn, shed, or any other object attached to a property by way of bolts, screws, nails, glue, cement, or other means.

Exclusions:

- RV Motor Homes
- Camping Trailers
- Tents

If you plan to rent out any part of your property that isn't a part of the excluded details, please contact our office so that we can collect your information and get you the necessary documents.

Thank You,

Shelby Pickens

Real County Chief Deputy Tax Assessor-Collector
